

Quality policy of HA-BE Gehäusebau GmbH

- Quality is determined by the customer.
Satisfied customers ensure the future existence of our company AND therefore the jobs of our employees.
- Quality requires clear goals.
We define our goals and implement them consistently.
- Quality is measurable.
We identify key performance indicators and publish them so we know where we stand and are able to recognise our mistakes.
- Quality concerns everybody.
Each person assumes responsibility for the quality of his/her performance. Each person has to fulfil the demands placed on him/her and set an example for others.
- Quality is team work.
We work hand in hand to optimise the entire process. Cooperation in the TEAM is the fundament for quality.
- Quality tolerates no mistakes.
Our employees are committed to carrying out their work with utmost care.
- Quality is a continuous process.
We have to ensure the high quality every day from anew and maintain this quality standard sustainably.
